FRANCE - REIMS - CHÂLONS

PRESENTATION

- From 3 to 6 November 2025, Europe will be hosting **the 4th World Alfalfa Congress in Reims**.
- **A workshop for farmers and crop technicians** will be held on November 3.
- November 4 and 5 will be dedicated to **scientific congresses and the economic section**.
- November 6 will be dedicated to **the field tour**.

The Champagne region is the main production area for French dehydrated alfalfa and is also at the heart of Europe. Following the success of the 3 previous congresses, in China, Argentina and in USA, CIDE would like to offer its strategic partners and sponsors the opportunity to support this event.

WHY BECOME A SPONSOR?

1

By supporting the initiative **you are associating your brand with all the national associations of dehydrated alfalfa** producers worldwide

2

This means that the event will be **an unbeatable showcase for alfalfa and an unbeatable showcase for your company**.

3

Your potential customers will all be in the same place, given the capacity of this event, with more than 500 guests.

4

Possibility to participate with your own stand in the exhibition area, **which will give you even more visibility**.
